Christina Youn

youn13@illinois.edu | Urbana, IL

RESEARCH INTERESTS

computer science education · computer systems education · computing assessment · generative AI in computing education

EDUCATION

University of Illinois Urbana-Champaign
PhD in Computer Science — *Fall 2021-Present*

University of Notre Dame
Bachelor of Science in Computer Science, magna cum laude — *Spring 2021*

RESEARCH EXPERIENCE

Graduate Research – Computer Science Education
Advisor: Max Fowler — *Spring 2026-Present*

- Investigating foundational knowledge and assessment in introductory computer systems education
- Designing and studying assessment approaches that make students' reasoning about code and system behavior visible
- Exploring how GenAI shapes students' programming practices, motivation, learning, and conceptions of programming competence

Graduate Research – Real-Time and AI Systems
Advisor: Tarek Abdelzaher — *Fall 2021-Fall 2025*

Undergraduate Research
Dong Wang — *Fall 2020-Spring 2021*
Christian Poellabauer — *Fall 2018-Spring 2021*

REU Summer Program
Nalini Venkatasubramanian — *Summer 2020*
Carrick Detweiler — *Summer 2019*

TEACHING EXPERIENCE

Head Teaching Assistant
Systems Programming — *Fall 2026*

Graduate Teaching Assistant
Systems Programming — *Spring 2024; Spring 2025-Spring 2026*
Real-time and Cyber-Physical Systems — *Fall 2024*
Distributed Systems — *Fall 2023*

Undergraduate Teaching Assistant
Operating System Principles — *Fall 2020*
Systems Programming — *Spring 2020; Spring 2021*
Fundamentals of Computing — *Fall 2019*
Introduction to Engineering Systems — *Fall 2018; Spring 2019*
